KIN

Sounds Like Mr. E..... Had One Good Tire--at Least

MacLean's Macazine

MR. E. of Toronto, made a three weeks' business trip to New York and district by motor. His experience throws an interesting light on tire values. Mr. E...... states that during his trip he used six tires: one a "Gutta Percha" Tire which had been used some time, the other five of well known makes were new or practically new. All but the "Gutta Percha". Tire bless out before he reached Toronto, the last "blow" coming on the Hamilton Highway about fifteen miles from home. The "Gutta-Percha" Tire was on the left front wheel. It gave no trouble, in fact it did not even need inflation during the whole trip. This shows the superior stuff "Gutta Percha" Tires are made of and the wonderful service they give.

What three Wise Women say:

"Old Dutch is a naturalborn cleanser"—Made from a substance mined from earth —soft, flat flakes that erase the dirt and can't scratch. Use it for fine cleaning.

"It is the thrifty cleaner"

—Alittle goes a long way because every particle does so much work. Your cleaning costs are lessened. Use it for heavy cleaning.

"It's the safe, easy way to clean"—Old Dutch shoulders the heavy work. It takes the drudgery out of cleaning. Your things look better, last longer. Use it for all cleaning.
